Dear Parents

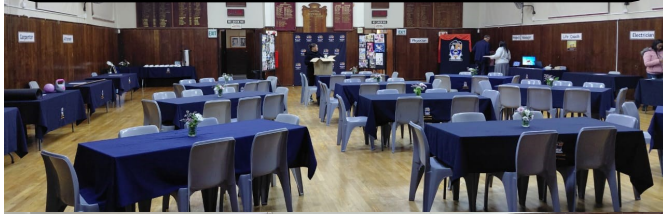

On Friday 15 May excitement filled the passages as Groote Schuur Primary officially launched our new Grade 7 Career Club – and what a launch it was. We were privileged to welcome 10 professionals from across Cape Town who gave up of their time to share their career journeys with our Grade 7 pupils. From healthcare to law to technology, trades and public service, our pupils heard first-hand what it takes to become a physician, graphic designer, pharmacist, dentist, attorney, electrician, project manager, biokineticist, life coach, technology director and a member of the VIP Protection Unit at Parliament. The advisors didn't just talk qualifications – they shared the challenges, the highlights, and the advice they wished they had received at 12 years old. The Q&A sessions were lively, with pupils asking thoughtful questions about daily routines and what skills matter in the workplace. Adding to the buzz, our Grade R-7 pupils arrived at school dressed as their future selves. The school grounds turned into a showcase of ambition: mini doctors with stethoscopes, engineers with hard hats, pilots, artists, teachers and sport stars. The pupils had a great time stepping into character and imagining themselves in their rolls. Wellness Warriors have started preparing their garden. Watch this space to follow the progress. Gr 7 learners enjoyed an interactive Geography lesson about floods, using Chromebooks. We would like to assist a school by donating used bookbags for their learners. If you have any bags not being used, please consider sending it to the office.

Until next time!

Thank you in advance for your contributions.
